Dear Miss Frankel:

I am in receipt today of a letter from Mr. Nate Cole regarding the graves of your sisters in Emanuel Cemetery, Waldheim. Apparently, you are under the impression that markers would be put up by the cemetery. This is not the case, and unless you yourself put up a marker or a name plate, there would be none erected.

I am sorry if the grave numbers were not legible but they are brought to order every once in a while.

If you want the graves cared for and markers erected, I suggest that you call our caretaker's office - Will Joseph, Forest 6-2445 - and he can quote you prices and suggest to you what is to be done.

Very truly yours,

Jeannette S. Decker

Dear Miss Decker:

a week ago I drove a personal family friend, a Miss Clara Frankel to visit the graves of her 2 sisters Blanche who has grave #1 Lot 108 & Eva Frankel who occupies grave #2 Lot 208 & if it wasn't for my good luck could not of located these 2 graves. the lot no's on cement were not readable & the marker had no name or anything on it. I called your office & got your name from the Janitor. Please let me know how this was overlooked. Hoping that you correct this I am

very truly yours
